Animation Experience
Monroe LCV - Post-Production Intern (2022)
    Jacobson Rost, Chicago, IL
- Responsible for the motion graphics and editing of a 60-second advertisement in 6 weeks.
- Worked under the digital content manager to produce animated supers, transitions, and logos that embodied the vision using Adobe After Effects and Illustrator.
- Further developed motion graphics and video editing skills.

"Farming for Dummies" – Technical Director (2022)
    Eli Rayas, Chicago, IL
- Oversaw the compositing, color correction, lighting, effects, and cinematic filters for a 6-and-a-half-minute animated short film in the span of one month.
- Responsible for compositing 24 of the 49 animated shots using Adobe After Effects.
- Drafted a 13-page compositing guide, detailing shot organization, character shading, and color guides for 10 day/nighttime palettes.
- Strengthen organization and communication skills.

"BLAZER (PROOF OF CONCEPT)" – Animated Filmmaker (2022)
    Columbia College Chicago, Chicago, IL
- Produced a 4-minute animated thesis film in a year and a half, finishing one month ahead of the projected deadline.
- Animated and composited 60 shots, including transitions and credits, using photoshop, after-effects, and toon boom harmony.
- Managed and delegated work to hired talent using networking, and leadership skills.
- Refined compositing and problem-solving capabilities.
